Bar Association Ratings: No answer provided

(1) List your judicial experience (courts & years).

I have no judicial experience at this time.

(2) What about your non-judicial experience qualifies you to be a judge?

I have been an Assistant Prosecutor with the Clermont County Prosecutor's Office over the past 16 years, and am proud to indicate I have spent that period of time protecting the citizens of Clermont County. I am currently the Chief Prosecuting Attorney of the Clermont County Prosecutor's Office where I supervise the entire criminal division, including Municipal Court. During that time, I have been in a courtroom on nearly a daily basis and have honed the necessary skills to be an excellent Municipal Court Judge. Throughout the past 16 years, I have earned a reputation in the legal community as a hard working, fair person who brings a practical approach to the courtroom. I have garnered the respect of fellow prosecutors, judges and defense attorneys, which is why I am endorsed by both the Clermont County Prosecutor and the Clermont County Public Defender. My reputation among people in the legal community is why I was asked to be a member of the Executive Board of the Clermont County Bar Association, as well as the Clermont County Bar Association Grievance Committee. As a member of the Grievance Committee, I along with a few other fellow attorneys have been entrusted with the responsibility of making sure that local lawyers are following their ethical duties as members of the legal community. I believe all of these experiences have prepared me to continue to positively impact our community and the justice system as a Municipal Court Judge.

(3) Why are you running for this particular court seat?

I possess the type of experience that is necessary to be an effective Municipal Court Judge. I have been a practicing attorney in Clermont County for over 16 years. During my career as a Clermont County Prosecutor, I have handled a number of "high profile" cases which includes the most serious criminal offenses in Ohio. During that period of time, I have seen the importance of having judges who have the same type of courtroom experience that I possess. Judges must rely on that type of experience on a daily basis as they routinely make decisions that can adversely impact people's lives. I have dedicated my career to protecting the citizens of Clermont County, and have the proven experience to make sound decisions in a courtroom. I have earned the reputation in the community as a hard-working person with type of

judicial temperament that our citizens deserve, which is why I am publicly endorsed by a number of elected officials, as well as the Clermont County Republican Party.
