# WELCOME TO OSGS!

Welcome to the Ohio Student Government Summit (OSGS) 2026!

OSGS was founded at the University of Akron in February 2015, starting with eight participating schools and 50 attendees. Its success led to an annual tradition, with a brief pause during the COVID-19 pandemic. Since its return in 2021, OSGS has grown significantly in both programming and attendance, becoming a cornerstone event for student leaders across the region.

For over a decade, OSGS has provided a platform for student government members to exchange ideas, collaborate on initiatives, and explore innovative ways to enhance their universities. OSGS fosters a collaborative environment where participants can network, build professional skills, and discuss important topics shaping higher education. Alongside peer connections, OSGS offers valuable opportunities to engage with professionals through keynote speeches and speaker sessions.

The theme for OSGS 2026 is "**Voices to Vision.**" This theme highlights the power of collective expression and the transformation of ideas into action. OSGS 2026 will empower student leaders to amplify their voices, align their passions with meaningful goals, and translate dialogue into impact, both on your campus and beyond graduation. Our goal is for you to leave this weekend inspired, equipped for your next steps, and ready to empower those who follow in your footsteps.

We are incredibly excited to welcome you to our campus and look forward to hearing about your university and organization!

Sincerely,  
The Ohio Student Government Summit Committee
