Application for an Educational Activity Permit for The BNP

Permit 2006-005

Name (Last, First, MI):Dr Sufian Forawi
Semester and year of planned use:Summer I 2006
Affiliation:University of Akron
Email address:sufian@uakron.edu
MailingAddress:University of Akron, Zook Hall 321
Class(es) or Group(s) you will take on the preserve:Scientific Ways of Knowing
Seminar
Briefly describe the activity to be conducted on the BNP.
The group will be observing the organisms and the ecosystems they
live in. We will be testing the water for dissolved oxygen, pH,
temperature of the water and air surrounding the streams and the
Garden pond. We will also look at the species of plants throughout
the fields.

How many students per visit do you anticipate? _____25_____.

On which "research areas" of the preserve will your activity occur? _____Garden pond, the stream and prairies

(if yes, this permit will require approval from the Bath Trustees – this can only be sought four times a year, and so approval of your permit may take up to several months). Talk with the BNP Committee for more details.

What are the anticipated dates of your visit? (we understand this may be determined by weather-but

please estimate when you will use the BNP) __June 13 & 14, 2006 from 12-3PM

Will the activity involve any destructive sampling/collecting ? Yes _____ No_X_

If so, please explain how the material will be collected (including equipment), and an estimate of

how much material will be collected: __None _____

What is the potential impact of your activity on nature preserve?

_____We will be observing and sampling water to test for pH, temperature, and dissolved oxygen. We will also be observing the interaction of the organisms within the nature preserve.

Have you looked over the web sites of the other research/activities being conducted at BNP?

Yes _X__ No____

Are there any potential conflicts of your activity with others at BNP? Yes ____ No_X___ Explain:_____

By requesting an education permit for work at the BNP, you must agree to the following terms:

Educators are responsible for obtaining the appropriate state or federal permits for the conduct of their activity on the BNP (e.g., when working with regulated species).

Educators are responsible for removing all markers, etc. from their research plots when the research is • completed.

Educators must review all research projects being conducted at BNP and must defer to them when there is a conflict (e.g. if you want to conduct an activity in an area that is closed because of a research project, we will ask that you find another area within BNP for your activity).

These permits are good for one semester only.

Educators will file a report of usage, listing information such as: # user days on the BNP, a summary of • results of the project(s), a list of data generated and contact information for those interested in the data, and a list of publications or other products resulting from the project(s).

Educators must abide by the rules and regulations of the BNP in any and all conduct of activities at the BNP.

By signing the request for a BNP education permit below, I agree to the above terms and state that all of the above information is correct to the best of my knowledge. I also agree to amend my above permit request if my activity plans change such that they are no longer well represented in the information supplied in this permit request. If I fail to notify the BNP oversight committee of significant changes in my research, or if I do not follow the rules of the BNP, I realize that the BNP oversight committee can revoke my research permit, and disallow any further work by me, research or otherwise, at the BNP.

Signature:_____ Date:__April 17, 2006____
