No

Will the activity involve destructive sampling/collecting?

No

Which areas outside of the designated Research or Sensitive Areas?

Provide a brief description of (1) your proposed activities, (2) goals, and (3) impacts of your u...

The Geomorphology class will visit the Tamarack Bog for a lab exercise. The students will split in to

groups to investigate the surface hydrology and its effects on topography. The goal of the work is to train the students in field observations for geomorphology. The use of BNP will provide a valuable benefit to the educational process.
