Monday afternoons (1:30-4:30), from February through the end of the semester we will be at he UAFS evaluating wetlands at BNP. We will occasionally need classrooms and scopes, but will mostly be in the field.

Please explain how the material will be collected (including equipment), and an estimate of how m...

Very occasional collections of plant material, just a few specimens.

Provide a brief description of (1) your proposed activities, (2) goals, and (3) impacts of your u...

Students will visit, explore, measure, and evaluate wetlands throughout BNP and Panzner and Steiner, with the goal of learning wetland delineation and assessment. There will not be any lasting negative impacts on the preserve.
