Please indicate any preparation or set-up you will need in the Martin Center for Field Studies an...

Wednesday afternoons (1:30-4:30), from February through the end of the semester we will be at the UAFS evaluating wetlands at BNP. We will occasionally need classrooms and scopes, but will mostly be in the field

Please explain how the material will be collected (including equipment), and an estimate of how m...

Very occasional collections of plant material, just a few specimens. We will dig some soil pits (about 1 foot square, about 3' deep), and replace the material we dig upon completion

Provide a brief description of (1) your proposed activities, (2) goals, and (3) impacts of your u...

Students will visit, explore, measure, and evaluate wetlands throughout BNP and Panzner and Steiner, with the goal of learning wetland delineation and assessment. There will not be any lasting negative impacts on the preserve
